

## The Anglo-Saxons in 100 Facts

By Martin Wall

Amberley Publishing, United Kingdom, 2016. Paperback. Book Condition: New. 198 x 124 mm. Language: English . Brand New Book. The Anglo-Saxon age was one of great change and unrest. Lasting from the departure of the Romans in approximately AD 400 until the Norman invasion in AD 1066, this era was defined by the continued spread of Christianity, the constant threat of Viking raids and the first stirrings of a nation that would become known as England. With its strange customs and unfamiliar names, the Anglo-Saxon era became mysterious and misunderstood, ironically by the descendants of the Anglo-Saxons, the English people themselves. Archaeological discoveries have forced us to re-evaluate these ingenious and skilled people, and to acknowledge the debt we owe to them. Martin Wall seeks to de-mystify the period, breaking it down into easy-to-read, bitesize chunks, and to show that the so-called Dark Ages were by no means backward or inferior. It was a truly heroic age, whose exemplars, such as King Offa, Alfred the Great, Lady Aethelflaed or Athelstan, stand beside the giants of world history. In 100 excerpts from these turbulent, bloody and exciting centuries, a proud, complex, but ultimately doomed civilisation is revealed.

### Reviews

*This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- **Ally Reichel**

*This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).*
