

Calculus: Early Transcendentals (High School Version) (Hardback)

Filesize: 2.07 MB

Reviews

It is an awesome book that we have possibly go through. It is actually writter in straightforward words and phrases and not confusing. It is extremely difficult to leave it before concluding, once you begin to read the book.

W. H. Freeman, United States, 2007. Hardback. Book Condition: New. 257 x 218 mm. Language: English . Brand New Book. This new text presents calculus with solid mathematical precision but with an everyday sensibility that puts the main concepts in clear terms. It is rigorous without being inaccessible and clear without being too informalit has the perfect balance for instructors and their students. "We (my AP Calculus students and I) are enjoying Rogawski s text--very much, in fact. I ve asked my students to do a compare and contrast with the Rogawski text versus our regular textbook, and each time, the students were unanimous in their positive attitudes towards Rogawskis material." - Glen Vest, Ritenour High School (MO).
