A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

Book Condition: New. Ships From Canada. New in new dust jacket. 350 p. Audience: General/trade. From Library Journal: British writer Pearson is best known here for his well-received *The Sitwells*. In this skillfully written study he credits the remarkably secure position of the British monarchy to the personalities of the incumbents since Victoria and their successful adaptation to and management of the mass media. Coverage of the royal family has had a strange double focus, combining elements of mystical authority and popular appeal. The former has been enhanced by elaborate, brilliantly staged ceremonial events. Both come at a high price to the British taxpayer and the private lives of royalty. One of the more interesting and readable of recent ""royal"" books, this is recommended for most libraries. BOMC featured alternate. Jeanne Gelinas, Hennepin Cty. Lib., Golden Valley, Minn.
