Createspace Independent Publishing Platform, United States, 2013. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. Sexual activity between consenting adults, of whatever sexuality, is no one else s business. Only an odd God would spend his time looking down from Heaven at what I do with my penis while millions of adults and children die each day of war, terror, starvation, and disease. - Vernal Scott. A non-fiction book referred to as the UK s Philadelphia (the film starring Tom Hanks and Denzel Washington) has been updated with the chapter, The Circumcision of Religion and alternative cover art options. Shortlisted for the coveted Polari First Book Prize and recommended by WH Smith, words alone cannot capture the immense emotion of this book, but a bucket full of tears and some belly laughter might. Beautifully written, the book possesses almost supernatural powers as it takes the reader on an emotional roller coaster ride that they cannot cease, thus winning high praise for its debut author, Vernal Scott: a human rights activist, Londoner and former head of HIV services. His writing is soulful, raw, and unashamedly human. Following an uncompromisingly direct prologue, this intimate true story starts out in 1930s Jamaica, but it s 1950s London where the substance of this 590-page novel-like biog really begins, taking the reader up to the present day. Tragedies, triumphs and taboo issues are frequent, and there are no fictional characters or scenarios so there s a real pulse to each chapter. The mood could be described as dark and disturbing in places (e.g. a graphic and deeply worrying boyhood voodoo protection ritual), but always starkly human: unrequited love; sex and sexuality; religion and sexuality; disease, death and dying; domestic violence; child chastisement/abuse; racism...
