Second Story Press. Paperback. Book Condition: new. BRAND NEW, Fantastic Female Filmmakers, Suzanne Simoni, Women have been writing, producing, and directing movies since filmmaking began in the early 1900s. They have tamed wild animals, hung out the open door of a plane to film, and faced rioting mobs on a set. Faced with incredible challenges, including having to break through the gender barrier, women directors have done amazing things in the world of film. "Fantastic Female Filmmakers" tells the stories of ten women who are among the most creative and respected directors in the world. Nell Shipman started her own production company in the silent movie days. American actress Ida Lupino was the first woman to direct herself in a film. Academy Award-nominee Deepa Mehta brought the stories of her native India to audiences around the world against all the odds. These directors prove that women can be stars behind the camera, as well as on the screen.
