

## 100 Greatest Science Inventions of All Time

By Kendall Haven

ABC-CLIO, United States, 2005. Paperback. Book Condition: New. 254 x 178 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This ready reference presents fascinating facts about 100 amazing inventions, a panoramic overview of the history of science, and a collection of engaging reads. Inventions are the stuff of dreams, quickly gaining widespread use, becoming central to culture, and ultimately changing our lives. They teach us a great deal about creativity and scientific principles, and, of course, the power of invention is of utmost importance in today's world of technology and innovation. Focusing on the 100 most significant scientific inventions of all time, this ready reference presents fascinating facts about amazing inventions, a panoramic overview of the history of science, an introduction to some of the most important inventors in history, and a collection of engaging reads. Each entry, arranged chronologically according to when the invention was made, contains information on what the invention is, who the inventor was, and how the invention was created. It also provides the historical context of the invention, its significance today, and information on resources for further reading/research. More than two millennia's worth of inventions are covered, ranging from the...

### Reviews

*This is the finest book i have got study right up until now. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.*
